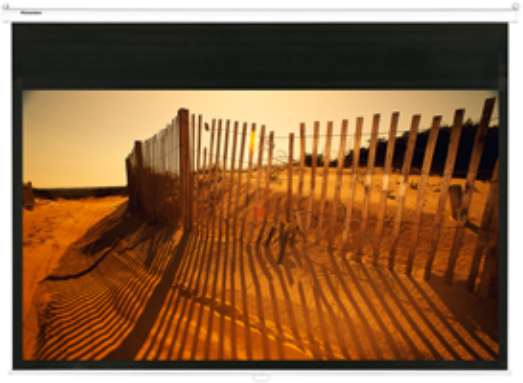
Matte White

Manual Pull-Down Screen with Level Lock



Cinema HDTV Screens

The Panoview manual wall and ceiling pull down screens are ideal for home theaterviewing environments. The stylish case design allows flush mounting to the ceilingor wall. An easy, pull-down level lock system locks at intervals to fit a variety of projection formats.

Features

- Wall or Ceiling Mount - This pull down screen is small enough to fit into any installation. The stylish strong and elegant octagonal steel case housing makes for a elegant appearance when the screen is not in use.
- Viewing Angle - The wide viewing angle (>100 degree) allows wider seating configuration.
- Screen Gain - These Panoview High Contrast Matte White screens have a screen gain of 1.0
- Matte White Screen Surface - The Panoview matte white screen is designed for Moderate output DLP and LCD projectors. It provides perfect uniformity while giving precise definition and reproduction of color or black and white.
